

Draw It!

This game is to help your child learn to follow short instructions that involve the words **first** and **last**.

You will need some paper and colouring pencils. Give your child some instructions to follow using the words **first**, **then** and **last**,

e.g. '**First** draw a house and **then** colour it blue.'

'Now, draw a sun and a moon. Colour the sun in **last**.'

Remember to let your child be teacher and give you instructions to follow. You may need to remind him or her to tell you what to draw and the order to draw them in. Try to encourage your child to tell you both things in one sentence. See if your child can spot your 'mistakes'.

Variations:

To make this game easier get your child to copy what you have done.

To make this game harder give longer instructions.
